## CONCLUSION

## JOE DALE

Joe Dale is an independent languages consultant from the UK who works with a range of organisations such as Network for Languages, ALL, The British Council, the BBC, Skype, Microsoft and The Guardian.

He was host of the TES MFL forum for six years, former SSAT Languages Lead Practitioner, a regular conference speaker and recognised expert on technology and language learning. He has spoken at conferences and run training courses in Europe, North America, South America, the Middle East, the Far East and Australasia.

Joe was a member of the Ministerial Steering Group on languages for the UK coalition government and advised on the Linguanet Worldwide project for The Language Company. He created ICT activities for the new Institut Français, ALL and Network for Languages Primary French Project Niveau Bleu, Blanc and Rouge courses and was short-listed for a NAACE Impact Award in 2013 too.

Joe supported the Erasmus Plus project Conflict to Cooperation with 5 European countries and the Erasmus Plus Project Learning to think and live outside the box. He recently organised and co-hosted a 10 part series of webinars Saturday Tech-Talk in collaboration with the British Council in Indonesia and iTELL and worked on the Nusantara Go project for the British Council in Indonesia and PearTree Languages in 2022. He also worked on the Supporting Schools Reform in Algeria project through the British Council 2019-2020. He was recently described in a Guardian article as an 'MFL guru' and 'the man behind the #mfltwitterati.

Joe's new Facebook group 'Language Teaching with AI' already has over 4200 members!

## PRESENTATION

### **Innovation & Creation Through AI: Transforming the French Classroom**

Join us for an inspiring keynote on harnessing the power of AI to revolutionise French language teaching. This presentation will showcase a suite of innovative AI tools designed to enhance accessibility, interactivity, and cultural learning in the classroom. You will discover how these technologies can transform your teaching practices, creating inclusive, engaging, and dynamic learning environments that cater to diverse student needs. Learn practical insights and actionable strategies to incorporate AI effectively, making your French classroom a hub of innovation and creativity. 'Language Teaching with AI' already has over 4200 members!

## ATELIER

### **Using AI and Magic Padlet to Promote Listening, Speaking, Reading, and Writing Skills in the French Classroom**

Dive into a hands-on workshop designed to empower you with practical skills for integrating AI and Magic Padlet into your French language teaching. This session will guide you through creating engaging activities that enhance listening, speaking, reading, and writing skills using Padlet's versatile platform. You will learn how to set up and manage interactive boards, generate AI-based prompts, and utilise features like text-to-speech and audio comments. By the end of the workshop, you will have crafted a variety of Padlet activities tailored to promote comprehensive language learning, and you will be ready to implement these innovative techniques in your own classroom to foster a more interactive and inclusive learning environment.
